

INFRASTRUCTURE

TEXAS
WIDE OPEN
FOR BUSINESS

Texas offers superior transportation and logistical advantages. The state's central location and state-of-the-art transportation network provide timely access to domestic and global markets via air, land, and sea.

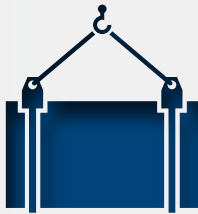

Texas is home to American Airlines and Southwest Airlines, two of the largest airlines in the world.

Texas has 11 deep water ports including the Port of Houston, one of the nation's top ten ports by freight loaded.

In 2012, Texas' 49 railroad operators transported 373.4 million tons of freight.

Houston is the top U.S. exporting market. The Houston-Sugar Land-Baytown area exported \$114.9 billion in 2013.

Texas is the only state with its own power grid and is not subject to federal regulation over electrical transmission.

Fort Worth's Alliance Airport at the Alliance Global Logistics Hub is the world's first purely industrial airport.
