Veterans Education Program

Texas State Approving Agency for Veterans Education and Texas Hazlewood Act Exemption

Veterans Education has both State and Federal program responsibilities. As the State Approving Agency (SAA) for oversight of Federal GI Bill programs in Texas, Veterans Education reviews, evaluates and approves programs of education and training for which veterans and veteran-eligible persons may utilize GI Bill educational benefits. Veterans Education conducts annual on-site visits to supervise and determine compliance with federal GI bill provisions.

Veterans Education State functions are: (1) to administer the Texas Hazlewood Act tuition and fees exemption program for eligible Texas veterans and their families; (2) to provide Education Coordinators to assist colleges and universities to establish programs and services to enhance opportunities for academic success of veterans and their families; and (3) to administer a Veterans Education Excellence Award to publicly recognize colleges and universities which provide exemplary services to veterans and their families.

The VA Medical Center in Waco is unique in that it is the only VA psychiatric hospital in Texas. Because of this, the Waco facility actually accepts eligible patients from every part of the State.

For the purposes of providing inpatient psychiatric service to veterans, the Waco VA Medical Center serves the entire State of Texas. The principal area which is generally considered to be under the jurisdiction of the Waco VA Medical Center is a large portion of some 161 counties stretching across the State. The south boundary is on an east-west line from El Paso County to Newton and Jasper Counties. The north boundary is an east-west line running from Parmer County to Childress County.

The Waco Medical Center suggests that in most cases the Service Officer, the veteran, or his private doctor should contact the VA clinic or medical center nearest to the veteran's residence. If such a contact is made when a veteran is in need of psychiatric hospital care, assistance will be given in obtaining a bed in the Waco VAMC or other facility which is equipped to provide the needed services to mentally ill veterans.

The VA Outpatient Service, a part of the Waco VA Medical Center, provides outpatient medical services to eligible veterans residing within the following 34 Central Texas counties:

Anderson	Coryell	McLennan
Bastrop	Erath	Madison
Bell	Falls	Milam
Bosque	Fayette	Mills

Brown	Hamilton	Robertson

Current information from VA indicates that the VA Medical Center in Albuquerque is not the prime service facility for any Texas counties. The fact remains, however, that the facility is the nearest VA Medical Center to several West Texas counties. Veterans residing in the far West Texas counties, when in need of hospital care, should contact or make application with the nearest VA outpatient clinic. If such action is appropriate under currently existing regulations, the VA clinic will refer the application to the Albuquerque VAMC or to the nearest VA facility able to handle the case. An alternative would be, in the case of a veteran needing emergent or emergency care, for the private physician to call the Admission Doctor at Albuquerque VAMC and request admission, telephone 265-1711, extension 2234 or 2239.

Even though the Albuquerque facility has no Texas counties actually assigned to it, many Texas veterans seek medical care there as it is the nearest VA medical center to their place of residence.

The Lawton Outpatient Clinic (Lawton OPC), established on September 1, 1988, is a satellite clinic of the Oklahoma City VA Medical Center (OKC VAMC) and serves veterans in southwest Oklahoma and north central Texas. The Primary Service Area consists of eleven counties in southwest Oklahoma and the Texas counties of Wichita and Wilbarger. The veterans' population base for this area is more than 55,000. Presently, the Lawton OPC provides 20,000-23,000 outpatient visits each year and follows approximately 5,000 unique patients. The clinic moved into a new 28,000 sq. ft. facility in May 1995, doubling their square footage. The new facility is located directly west of the Reynolds Army Community Hospital. The Dallas VAMC continues to coordinate fee basis services, although the Oklahoma City VAMC has jurisdiction over fee services in the two Texas Counties.

The Clinic provides general medicine, psychiatry, group and individual social work, nutrition and food support, dietetics, patient education and vocational rehabilitation. The majority of the veterans present for scheduled appointments, but the clinic does offer a minor care clinic for veterans seeking treatment without an appointment. After the relocation, the clinic increased its services by adding a pharmacy and laboratory. Patients requiring the services for specialty care are referred to the OKC VAMC and patients requiring hospital admission, and are stable for transport, are transported by ambulance to the OKC VAMC. With the recent relocation and expansion, the goal of the facility will be to increase the services offered at the Lawton OPC and decrease the number of patients being referred to the OKC VAMC. This will be for services offered at the Lawton OPC and through VA/DOD sharing agreements established with Reynolds Army Community Hospital.
