INTERNATIONAL COMPANIES IN TEXAS

As the nation's leader in exports and the top destination for foreign direct investment (FDI) over the last two decades, Texas is an epicenter for global business and trade. There are already more than 2,200 foreign corporations doing business in the state—a number that only continues to grow as more and more international firms choose Texas for their next business investment. Furthermore, the state is the #1 destination in the U.S. for FDI over the last two decades and has led the nation in exports for 24 consecutive years. A sampling of the largest international companies in Texas and recent FDI announcements are represented below.
